

April 8, 2020

Dear Parents,

We are thankful you have chosen St. Michael Parish School and we are blessed to be part of your child's educational and spiritual formation.

As we continue to improve and enhance our school, we make every effort to keep tuition affordable, while always providing the highest quality Catholic Education. Therefore, through collaborative efforts between the Administration and the Finance Council, tuition and fees have been discussed and researched at great length. While we recognize any increase in tuition will impact our school families, such increases are necessary to maintain the quality of our academic programs, our teachers, and to ensure our long-term viability.

When determining tuition, we try to keep a balance between affordability for our families and the strategic needs of the school. After careful review and consideration, we have a need to increase tuition by \$110, or 2.9%. The tuition rates are available on the next page.

We encourage our families to keep in mind that the actual cost to educate a student is greater than what is paid in tuition. We are able to bridge the financial gap, primarily with the support of our generous parishioners, state funding, and our local school district. Our cost per pupil remains well below that of similar Catholic Schools while the quality of the education offered at St. Michael remains excellent.

Each year, technology plays a more significant role in education. We are embracing this and look forward to increasing technology in our students' everyday use. For the past two year, every junior high student has been assigned a Chromebook for their daily use at school. This year, we are providing our 5th Grade students with a Chromebook. In order to have the support needed there is a \$50 Technology fee for students in Grades 5-8. This fee will be added to your total tuition.

Yours in Christ,

Carolyn Murphy
Principal
