

Technology Contract for Leasing Chromebook

Description of Expectations	Student's Initials	Parent's Initials
I have read the St. Michael technology contract, and I understand and agree to abide by its contents.		
I have read and agree to abide by the SMS Technology Acceptable Use Policy.		
I understand that the Chromebook is the property of St. Michael, and I agree to be responsible for surrendering the Chromebook whenever requested by school personnel.		
I understand that at all times I have filtered access to the Internet, both while at school and away. Although Internet filters provide an important level of protection, no filter program provides 100% protection. Supervision and monitoring are still very important.		
I understand that at all times the Chromebook is to stay in the St. Michael provided protective case. When transporting the Chromebook, I will carry it responsibly.		
I understand that my family is financially responsible for the cost of up to \$100.00 per incident should damage, loss or theft occur to the Chromebook. After the first time a device is lost or stolen, the family will incur the full replacement cost of the device.		
I will report problems with my Chromebook in a timely manner.
